PARTY LEADERS SAY ALLIES MUST MAKE PAYMENT

Leading Democrat of Pacific Coast Joins Republican Ranks

THEODORE A. BELL IS SUPPORTER OF POLICY FOLLOWED BY HARDING

(By Associated Press) SAN FRANCISCO, Mar. 17.—Old line Democrats are wrinkling their perplexed brows over Theodore A. Bell's change of affiliation from the Democratic to the Republican party. Mr. Bell, a life-long Democrat who represented the party for a term in the lower house of congress and was three times a candidate for governor of California, transferred his allegiance yesterday when he announced he would register as a Republican and said he favored the present foreign policy of the Republican administration.

OLYMPIA GAMES COMMITTEE HAS L. A. MEMBER

Is President of Los Angeles Athletic Club and Prominent in Athletic Circles.

(By Associated Press) GENEVA, Mar. 17.—William May Garland, of Los Angeles, has been elected an American member of the International Olympic games committee. It was announced by Baron Decoubertin, president of the committee.

(By Associated Press) LOS ANGELES, Mar. 17.—William May Garland, president of the Los Angeles Athletic club mentioned in Geneva dispatches, presented to the Olympic committee two years ago at Antwerp an invitation to hold the 1924 Olympia here.

The stockholders' regular annual meeting is scheduled for next Tuesday. Possibly some action may be taken at that time toward distributing an extra dividend from accumulated cash surplus or from collection of Canadian accounts.

ENLARGED WORK IS STARTED BY GREAT DIVIDE

Enlarged operations marked progress of development at the Tonopah Divide mine during the week ending Wednesday, March 15. While shaft sinking has not yet been again started, the sump was lowered 8 feet, while work was started on the 300 level. The usual tonnage of ore is being produced—50 tons daily—and the product is consigned to the Tonopah Belmont mill, that carries values averaging from \$25 to \$30 a ton.

The official report of development for the week follows: 230 west drift advanced 21.5 feet; 211 intermediate south crosscut advanced 12.5 feet; 315 south crosscut advanced 19.8 feet; 1021 north crosscut advanced 3 feet; 1021 south crosscut advanced 27.5 feet; 111 footwall raise advanced 14 feet; 315 raise advanced 6 feet; shaft mining 8 feet; total 112.3 feet.

EAST AFRICA SCENE MORE DISTURBANCES

(By Associated Press) LONDON, Mar. 17.—Twenty natives were killed and 30 wounded at Nairobi, British East Africa, yesterday, in fighting which followed demonstrations over Indian agitator Thuku, says a Central News dispatch.

BRASS BAND CAUSE OF PISTOL BATTLE

(By Associated Press) CORK, Mar. 17.—Four persons were wounded in a clash between the Republican police and persons following a brass band. Members of the procession ignored the orders to disperse, and shots were exchanged. One of the wounded was a policeman.

Fate Mrs. Oberchain in Hands of Jury

LOS ANGELES, Mar. 17.—The case of Madelyne Oberchain, charged with the murder of J. Belton Kennedy, was ready for the jury at noon. The deliberations started after lunch.

ST. PATRICK'S DAY HOP OCCURS TONIGHT

This is St. Patrick's Day, and members of the Catholic faith are making due observance of the same. At Eagles hall this evening a dance will be given by the ladies of the Catholic church, the proceeds realized being used to pay the premium upon the church insurance. It is needless to state that a large crowd will be present, as these events are always replete with entertainment of a high class. The usual 6-piece Eagles orchestra, with "Dutch" Helmick at the piano, will furnish the music.

ORANGEMEN TO FIGHT RETAIN ULSTER GROUND

(By Associated Press) BELFAST, Mar. 17.—Not an inch of Ulster territory will be yielded to Southern Ireland, speakers at the Kilkeel Orange meeting held last night declared. Harry Mulholland, member of the Ulster parliament, and son of Lord Dunleath, told the meeting the Orangemen had decided on having nothing to do with the boundary commission established by the Anglo-Irish treaty.

Freak Weather Still Continues in Tonopah

Some more freak weather paid a visit to Tonopah yesterday and last night, and as a result the ground was covered with about 2 inches of snow this morning. The wind kept Thursday until evening, when it suddenly came to a halt and the thermometer climbed the scale several notches. About 8 o'clock a light fall of snow started which continues until a late hour, with the result that the earth was covered with a mantle of whiting. As a result we can anticipate a little more mud and slush for a couple of days.

TYPHUS FEVER IN RUSSIA IS CAUSE ALARM

(By Associated Press) MOSCOW, Mar. 17.—Soviet Russia is once more under the shadow of an epidemic wave of typhus fever and recurrent typhus which has been spreading since November last. The Volga famine area is chiefly affected. In the center of Russia the epidemic has invaded the big towns of the Moscow and Petrograd governmental districts and in the west the cities of Minsk, Smolensk, Vitebsk and in the north, Vologda.

In Moscow itself the epidemic is growing rapidly and the toll which it is exacting from the Moscow population is already now seven to eight times larger than that of last season and it is feared that before the winter months are over it might well overgrow the epidemic of 1919.

In December over 4,000 cases of typhus were registered in Moscow, while during the first three weeks of January 4,783 cases were registered in hospitals. But the real number of cases is much higher than this figure.

The epidemic shows no decline and death casualties are not below 40 per cent. Hospitals and medications are very inadequate. The Moscow hospitals are overcrowded and the Moscow Soviet is trying to provide 3,000 new beds in them to meet the epidemic.

To cope with the situation, the government stopped passenger traffic on the Eastern railways for six weeks. Baths have been organized at Moscow railway terminals and all refugees and military detachments arriving here are compelled to use them. In Moscow itself bathing facilities were afforded in all districts.

REBEL LEADERS ARE ARRESTED SOUTH AFRICA

(By Associated Press) JOHANNESBURG, Mar. 17.—Joe Thompson, president of the augmented executive board of the South Africa industrial federation, has been arrested in connection with the mine strike. Rebel leaders, Fisher and Spendt, who were found dead in the Trades' hall at Fortsburg, after the bombardment of the city by government forces committed suicide, according to an official statement.

INVESTIGATION DEFRAUD UNCLE SAM STARTED

San Francisco and Los Angeles Business Men and Army Officers Involved.

(By Associated Press) LOS ANGELES, Mar. 17.—The federal grand jury today opened its investigation into an alleged conspiracy to defraud the war department of the United States by manipulation of bids in army goods auction sale at Camp Kearny last month, was announced by United States Attorney Burke. Several civilians from San Francisco and Los Angeles, including owners of department stores and an auctioneer and two army officers are reported as being involved in the investigation. Department of Justice agents said a complete case had been rounded out by confessions.

Considerable work of a prospecting nature is being performed on a number of other levels, but there was no change to report.

Cooney Clifford Paroled From State Penitentiary

James Clifford received a wire this afternoon from Maurice J. Sullivan, lieutenant governor, informing him that favorable action had been taken in the application of Cooney Clifford, and that the young man would be paroled immediately from the state prison.

Cooney Clifford pleaded guilty in his district court a few months ago to killing cattle on the range, and was sentenced to state prison for an indefinite term.

The telegram from Lieutenant Governor Sullivan reads: "Favorable action taken and parole becomes effective immediately in the case of Cooney Clifford. Will be released within next day or two."

Williams Is President International Rotary

(By Associated Press) SAN FRANCISCO, Mar. 17.—Jack Williams, of Long Beach, was elected today by acclamation governor of the twenty-third district of the International Association of Rotary clubs, comprising California, Arizona, Nevada, and Hawaii.

Coal Operators Say Cost Must Come Down

(By Associated Press) NEW YORK, Mar. 17.—Anthracite operators have notified the Mine Workers that deflation in the cost of production is imperative and that readjustment of wages is first necessary step in reducing the cost to the consumer, insuring continued stability of the industry.

NEGRO HANGED FOR MURDER DETECTIVE

(By Associated Press) WASHINGTON, Mar. 17.—John McHenry, aged 24, was hanged today for the murder of a Washington city detective and an automobile dealer. Efforts to obtain a commutation to life imprisonment continued up to the last, President Harding having refused to intervene.

SCHOONER IS TAKEN LOADED WITH BOOZE

(By Associated Press) NEW YORK, Mar. 17.—Fifteen special revenue agents today arrested 24 men after a pistol battle aboard a 2-masted schooner, said to have been loaded with contraband liquor in the East River at the foot of Tiffany street.

Over 30 shots were exchanged at the schooner whose cargo of liquor is said to be worth nearly half a million dollars, was seized, with two automobiles and a large moving van, which the authorities said were being used in transporting the contraband goods.

NORTH STAR IS SHOWING CLASS ON 1,000 LEVEL

North Star development is going steadily forward and results of a satisfactory nature are reported. The usual progress was made in extending the 700 level, with little change, although indications are favorable for some important developments taking place in the near future.

On the 1,000 level the McDonald vein is being followed, and during the past week a carload of ore was extracted which will be marketed as soon as weather conditions will permit. Work is being prosecuted at the end of the old Henkle slope, hence a nice production was made at one time.

Considerable work of a prospecting nature is being performed on a number of other levels, but there was no change to report.

CENTENARY OF BIRTH OF GRANT OCCURS SOON

(By Associated Press) COLUMBUS, O., Mar. 17.—Ohio will celebrate the centenary of the birth of General U. S. Grant, in the counties of his birth and youth, April 27, 28 and 29.

Grant was born at Point Pleasant, Clermont county, Ohio, a huddle of houses, 25 miles east of Cincinnati on the Ohio River.

If plans are carried out a distinguished body of men will travel up the Ohio River from Cincinnati April 27 in the steamers Island Queen and Morning Star, to do homage to the memory of one of the most illustrious men born on Ohio soil.

Exercises that day will be held on the plot of ground on which formerly stood the little cabin in which Grant was born; the cabin is on the state fair grounds here now, enclosed in a glass house covering a detachment of soldiers from Fort Thomas, Kentucky, are to accompany the President as will a military band.

Four hundred survivors of the Civil War also will go on the boats as guests.

The following day there will be a celebration at Berthel, Clermont county, a village of about 1,500 persons, where was born the mother of General Grant, Hannah Simpson, and where the general lived from 1841 to 1848. His two oldest children, Frederick D. and Nellie Grant, were born there. The chief orator that day is to be Senator Frank B. Willis of Ohio.

COLLISION TRAINS CAUSES DEATH TWO

(By Associated Press) BUTTE, Mont., Mar. 17.—John E. Caldwell of Livingston, on train No. 229, and an unidentified man, said to have been beating his way on No. 220, were killed when Northern Pacific trains Nos. 1 and 220 collided at Welsh, 16 miles from Butte. Some passengers were slightly bruised.

INSIST MAINTENANCE TROOPS IN GERMANY WAS FOR THEIR GOOD

SPECIAL COURT FOR HANDLING LIQUOR CASES

Government Saddling Burden of Dry Workers on the State Courts of Illinois.

(By Associated Press) CHICAGO, Mar. 17.—A special liquor court for the trial of thousands of cases now cluttering the dockets of federal and state courts, is being planned by States Attorney General Crowe. This action followed the request of the local federal court that the state take jurisdiction in some 1,000 cases now pending in the federal court.

POLICE CHIEF TONOPAH STATE WIDE INTEREST

Ordinarily the appointment of a chief of police of a Nevada city is an act of little interest outside the community directly concerned, says the Carson News. The naming of O. H. Smith as chief of the Tonopah police, however, is of statewide interest and importance because conditions in that mining camp over long periods on several occasions the past few years have been such that city, county and state officials have been put to the test to provide adequate protection for life and property by the lawless. In fact the Tonopah and Nye authorities have on occasion confessed their inability to handle the situation and have called for the state police officers, who were early last summer sent in at state expense after a \$25,000 deficiency had been authorized at a hurriedly called special meeting of the state board of finance. The necessity for the presence of the state police in Tonopah has been the subject of wide difference of opinion, and at times has brought from certain quarters the charge that Nye county was "passing the buck" to the state rather than assume the financial burden of properly policing the district in which trouble for a long time interfered with the usual industrial activities. It has been claimed that rowdyism was indulged in by a comparatively small group of youths and men and that appointment of a fearless chief of police would result in less disorder.

Smith is declared by his friends and acquaintances to be a fearless man and a "scrapper"—an officer who will not conveniently face the other way to avoid seeing a situation that is certain to be disagreeable to handle.

COST OF LIVING IS SOMEWHAT REDUCED

(By Associated Press) WASHINGTON, Mar. 17.—Retail food costs for the average family of the United States during February were 0.3 per cent less than during January, according to compilations by the department of labor. This decrease, combined with others that have occurred since February 15 last year, made the total reductions for the year average 11 per cent.

RUSSIA TRADES PRODUCTS FOR OTHER GOODS

(By Associated Press) WASHINGTON, Mar. 17.—Declaration that the United States should insist upon the payment of the bill of \$241,000,000 for keeping American soldiers in Germany, was made in the senate today by both party leaders, Lodge, Underwood and Borah. Underwood also urged the appointment of an American representative on the allied reparations commission.

Both Lodge and Underwood charge the allies with attempting "by a technicality to oppose the payment of the bill for American troops," while Borah said the allies' attitude was "entirely unwarranted." "Our army was left in Europe supposedly for the benefit of the allies. Certainly it was not for the benefit of the American people directly or particularly," said Borah.
